

README

This week we will have the Course overview (syllabus + short slide deck) and talk about “Base R” in the Introduction to R. Please start with the slides and then move on to the lab session. Please make sure to try solving the problem set in order to fix some important concepts.

Slides are:

-- IntroR_Base.pdf

.R file for lab session is:

-- IntroR_BaseR.R (note the Auto.data was also made available under files)

Opencast files are:

-- IntroR_Base.webm (approx.. 21 minutes)

-- IntroR_Base_Lab1.webm to IntroR_Base_Lab5.webm (approx.. 48 minutes)

Problem set:

--PS_BaseR.pdf
